Our Group Quality Policy is **Customer First** and continuous improvement of **Company Performances**. For reaching these main goals, we apply a "World Class" company approach based on the control of all processes and **Zero Defect** concept.

This Policy ensures a full Customer Satisfaction and sustainable compliance with the applicable statutory requirements, including sector specific standards and specifications.

We realized and implemented a documented Quality Management System designed in accordance with all the most

We commit to deploy and implement this Policy through all UFI Group sites.
